

Fee Structure

Counselling Appointments -

Our counselling appointments are currently \$200 per session - you may be entitled to a medicare rebate with a mental health care plan from your GP. This can be discussed during the initial intake call.

We accept clients who have funding through NDIS. These fees are charged at the NDIS rates (currently \$214). We accept both self managed and plan managed clients

Psychometric/ Educational Assessments

Fees for assessments can vary depending on the battery administered. Specific referral requests can be discussed during your initial phone call, or during an initial consultation if unsure of that is required. On average assessments costs \$1300 and include the assessment consultation (approximately 3 hours), a feedback session and a written report

Additional Fees

Additional costs may be associated with school visits or long phone consultations - this will be discussed with your practitioner.

NDIS reports attract an additional fee
